Aditya Das

Computer Science

EDUCATION

Vidyasagar University

MCA(Master Of Computer Application)

Post graduate August 2022

Kharagpur, India

CGPA – 8.9

Burdwan Raj College

BCA(Bachelor Of Computer Application)

Graduate September 2020

Burdwan, India

CGPA – 7.7

SKILLS

Operating System :

Linux(Ubuntu), Windows

Languages :

Python, Java, C++, SQL, C, Bash,
HTML, CSS, JavaScript

Tools & Technologies :

Django, Flask, Docker,
Kubernetes, Google cloud platform.

Tech Concepts :

DBMS, Networking, Operating
system, Architecture
microprocessor, DevOps, AI,
Machine learning, Deep Learning,
API security, CNCF, serverless,
linux shell progrms, Kubernetes
cluster creation, Instance creation;

Databases :

MySQL

Version Control System :

Git & GitHub, GitLab.

EXTRACURRICULAR

Founder: Hacker Community Edu

Member : Open Source Society
(EddieHub Community)

Hobbies: Skywatching, Cycleing,
Wildlife observation, Photography

EXPERIENCE

24 Pull Request project maintainer & Contributor (December,2022)

<https://24pullrequests.com/users/ADITYADAS1999>

Attend KubeCon NA (Detroit, Michigan)2022

Attend Kubecon conference by CNCF . (October,2022)

Hacktoberfest 2022 Winner

<https://www.holopin.io/@adityadas1999> (October, 2022)

Google cloud facilitator 2022

(April-July,2022)

Google cloud facilitator training o

google cloud platform.

Attend KubeCon EU (Vallencia, Spain)2022

Attend Kubecon conference by CNCF . (May,2022)

GGSOC 2022 contributor

Attend summer open source contrution (Feb-June,2022)
Program.

PROJECTS

Post graduation project: Python,Jupyternotebook,Opencv (May,2022)

Image processing using Opencv.

Link: https://github.com/ADITYADAS1999/OpenCV_FaceSwap

Graduation project: Python,Jupyternotebook (June,2020)

Heart disease prediction using deep learning

Link: <https://github.com/ADITYADAS1999/HEART-DESEASE-PREDICTION-USING-DEEP-LEARNING->

Technical Blogs:

(January.2022)

Tech blog on DevOps & Machine learning

Link: adityamca123.hashnode.dev

MLH(Major League Hack) project: Flax,Python,HTML,Css

ChatBot using python flax (september,2022)
